Subject: Approval of Amended Notice of Intention to Commence Small Mining Operations, Rock-It Stone Works, Strawberry River Quarry, S/013/008, Duchesne County, Utah

Dear Mr. Peatross:

The Division of Oil, Gas and Mining hereby approves your amended Notice of Intention to Commence Small Mining Operations (NOI) received by fax transmission October 4, 2004. As instructed, the Division will use the GPS map created as a result of the March 31, 2004, inspection as part of the NOI, and based on this map, I have made some corrections to the legal description in the NOI. In addition, Cessation Order MC-2004-03-01-02, part 2 of 2, is terminated effective October 4, 2004.

On October 19, 2004, Doug Jensen and I stopped briefly at the Strawberry River Quarry to verify reclamation of the channel west of the quarry. Since this drainage channel has now been reclaimed, right of entry information is no longer needed for disturbances in the southwest quarter of Section 16, Township 4 South, Range 7 West, USM and your NOI can be approved without this information.

Copies of the inspection report, the termination notice, and your amended NOI with the corrected legal description are enclosed with this letter.

Please call me at 801-538-5261 if you have questions or concerns about these actions.

Sincerely,

Paul B. Baker
Senior Reclamation Biologist
Minerals Regulatory Program
